Dear:

Re: Criminal record Check results

Thank you for taking your time to adhere to BC Soccer Rule 21- Risk management by completing your Criminal record Check.

Upon review of your Criminal record Check it has been reported that a record may or may not exist. In accordance with RCMP CPIC regulations, in order to have a clear understanding of the details found on your criminal record check, we request that you complete a finger print process with your police department.

Therefore, please request your police department to complete a fingerprint report. This entails them sending your finger prints to Ottawa where they need to be processed and analysed by the RCMP. The RCMP will, in turn, provide to you a detail report on any findings.

Once you receive the report, we respectfully request to you to hand that report over directly to Central City Football Club's Risk management Officer for final review.

If you have any question please feel free to contact the Risk Management officer.

Thank you for your co-operation.

Regards,

Garry Sangha
